CONSTRUCTION EXECUTIVE "CONSTRUCTION EXECUTIVES SHOULD BE DUSTING OFF EMPLOYEE HANDBOOKS"

December 3, 2021

By: Andrew B. Zelman and Adam E. Richards

Construction Executive

View Full Article

For most businesses—large and small—the importance of maintaining and updating an employee handbook that sets forth a uniform set of company policies cannot be understated. The construction industry, which is seemingly plagued by a never-ending labor shortage, necessitating construction executives having to grapple with pandemic-related workplace issues and challenges, is not exempt from the benefits of a thorough, well-formed handbook.
