Representative Matters

- Represented Orange-Co in the \$274 million sale of its 20,263 acres of orange groves and related businesses to agricultural giant, Alico Inc. Successfully structured the deal as a hybrid corporate and real estate transaction, advised in negotiating the letter of intent and definitive agreement, and assisted with

diligence matters and pre-closing governance.

- Represented a 100+-store franchisee of a national quick-service restaurant chain in an investment bank-led sales process that generated aggregate sale proceeds of more than \$200 million. The sales process encompassed multiple transactions with four unaffiliated sophisticated buyers, seven affiliated selling entities, a national franchisor with the power to block or influence the transaction, and assets located in multiple states, leading to a complex transaction negotiation and structure. Advised the client in connection with the marketing process, definitive agreements, and concurrent closings.
- Represented a Florida publicly-traded financial institution with the phased acquisition through an affiliated joint venture with the seller of: (i) a majority interest in a Florida contractor currently serving as the General Contractor for large multi-family apartment projects owned by affiliated special purpose entities; (ii) 100% of the equity in related development and management companies performing services for the special purpose entities and other completed multi-family apartment special purpose entities previously developed by the seller; and (iii) through separate affiliates of the buyer, the phased acquisition of the seller's ownership interests in selected special purpose entities. The transaction's immensely complex features included the partial or full acquisition of 14 existing entities, the creation of three new entities, the rollover partnerships from existing employees, phased buyouts, institutional lenders and investor partners all overlaid by a public reporting regime due to the buyer's affiliate's status as a publicly traded company.
- Represented the seller of an asphalt refinery business in Texas to a major private equity buyer for total consideration exceeding \$100 million. Successfully navigated and counseled the client and transaction through complicated negotiations and legal considerations ranging from the private equity buyer's financing arrangements to the bankruptcy process in which the assets were marketed and sold. Worked with the private equity buyer's New York counsel, Kaye Scholer, to structure a letter of intent to commence the bankruptcy sale process, including debtor in possession financing and complex and limited exclusivity arrangements, Hart-Scott-Rodino filings, and challenging environmental and title issues. Negotiated the definitive transaction documents and coordinated local counsel's involvement from the letter of intent through closing and adversarial post-closing matters.
- Represented Seitlin Insurance (Seitlin & Company and Seitlin Benefits Corporation) in its sale to Marsh & McLennan Agency. Seitlin Insurance, prior to its acquisition, was South Florida's largest privately held insurance brokerage firm and one of the Top 100 insurance brokers in the United States. Marsh & McLennan Agency is a wholly-owned subsidiary of Marsh & McLennan Companies, the world's largest insurance and consulting company. Advised Seitlin Insurance throughout the entire (marketing, letter of intent, definitive agreement and simultaneous signing and closing) sales process and on various corporate and corporate governance issues, including working closely with the Company's ESOP independent fiduciary, financial advisors and counsel.
- Represented the private equity arm and an affiliate of two publicly-traded companies in the \$23.6 million acquisition of substantially all the assets and operations of a leading manufacturer and supplier of closet doors, wall décor, hardware and fabricated glass products headquartered in Toronto Canada with operations in Mississippi and the U.K. Assisted in structuring the client's bid in a competitive sales process, organizing the jointly owned acquisition entities, navigating and addressing the interests of the Seller's diverse stakeholders, negotiating a letter of intent and definitive acquisition agreement, and consummating the cross-border closing.
- Represented the owner of a manufacturer and worldwide distributor of HVAC and A/C equipment in an investment-bank led process that resulted in a \$36 million stock sale to a private equity group. Advised the client and worked with the investment bank in connection with the marketing process, term sheet, diligence, and definitive agreement, including coordination with international offices, to ensure a timely closing before tax rates increased.
- Represented the successful plan proponent in a series of reorganization transactions for the largest hotel in Pittsburgh that included our client's acquisition of all the equity in the debtor. These transactions included: (a) restructuring the hotel's senior secured financing under BlackRock Capital's \$49.6 million loan, (b)

negotiating and implementing a new Franchise Agreement followed by a Hotel Management Agreement with Wyndham Hotels, (c) consummating \$8 million of additional financing from Wyndham, secured by the Hotel's equity, (d) placing up to \$11 million in junior mortgage financing from our client as Plan Proponent, and (e) resolving other secured and unsecured claims.
